

Economic Impact Of Vermont Trails

- Trails offer a wide variety of economic and health benefits to our community
- Access to trails allows residents to recreate here and spend dollars locally
- Recreation and tourism are 2 of the largest economic contributors in Vermont
- Trail building and management create local jobs
- A small number of trail networks in our area alone generate \$30+ million in economic activity*
- Trails create a community connected to one another, and well-being

How You Can Help

Become A Sponsor

As a Sponsor you are helping to support and enhance our invaluable community trail resource, while benefiting from our program offerings and exposure to thousands of our members

Become a Community Supporter

By supporting at a higher level of membership, you help to ensure an expanding, sustainable and fun network of trails for all outdoor enthusiasts and abilities.

Become a Member

You will be supporting what you enjoy most about trails in Stowe and beyond, and at the same time receive myriad benefits, discounts and perks throughout the state.

Volunteer

Join us for a trail work day, event, or other. We always love meeting new friends!

Donate To Help Build New Trails

Your generous donations help us realize new trails, projects, and connectivity.
